ADVANCED SERIES COLOR DOCUMENT SYSTEMS simply smarter

Designed for today's individual workstyles.

From media handling to workflow and collaboration, the new Advanced Series delivers the features businesses need to get the job done.

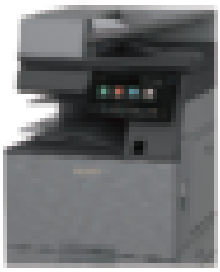
The new Advanced Series color document systems enable workers to collaborate and share information seamlessly and securely. Enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and enhance productivity with hybrid workers.

Easy-to-use Touchscreen. Award-winning design that delivers an accurate, responsive user experience, imperative for today's sophisticated workflows.

Technology Focused on Efficiency. Innovative features like optional double-feed scan detection and rotate/scan auto skew correction ensures jobs come out right the first time, every time.

Versatile Application Integration. Easy access to expanded cloud services, quickly connect with mobile devices, including hoshiNoa operation with the Sharp Synappx Go app.

Leading Security. The Advanced Series uses the latest security technology in today's hybrid working environments to protect endpoint devices from security threats.



10.1" diagonal, resized customizable touchscreen display

Built-in retractable keyboard simplifies email address and subject line entries

Bar-free folding belt eaten offers a series of belt positions, including in fold 2 fold and letters
