

ADVANCED SERIES COLOR DOCUMENT SYSTEMS simplex copier**Designed for today's individual workstyles.**

From media handling to workflow and collaboration, the new Advanced Series delivers the features businesses need to get the job done.

The new Advanced Series color document systems enable workers to collaborate and share information seamlessly and securely. Enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and enhance productivity with hybrid workers.

Easy-to-use Touchscreen: Award-winning design that delivers an accurate, responsive user experience, imperative for today's sophisticated workforces.

Touchless Paper-in or Efficiency: Innovative features for optional double-feed scan detection and enhanced auto sheet collection ensure jobs come out right the first time, every time.

Seamless Application Integration: Easy access to expanded cloud services, quickly connect with mobile devices, including touchless operation with the Sharp Synapse Go app.

Leading Security: The Advanced Series uses the latest security technology in today's hybrid working environments to protect endpoint devices from security threats.

10.1" diagonal touchscreen control panel

Full in-surface touch controller and auto sheet collector

See how touchless paper-in offers a suite of 30 automatic features to help you work faster

High capacity 60-sheet tray with automatic auto sheet collector

• **60-sheet tray:** Single pass feeder offers double feed detection (optional) and scans up to 60 images per minute.

• **Flexible paper handling:** Supports media up to 300 gsm, allowing users to print on a wide variety of paper, cloth or media.

• **Touch controller design:** ensures 100% firmware is up to date by automatically checking for updates.

• **Full in-surface media sensor:** automatically detects approaching sheets immediately before the machine, making it ready for use within seconds.

• **Energy Star 10 certified:** offers among the lowest energy power consumption in the category.

• **Enhanced touchscreen:** delivers an accurate, responsive user experience and provides easy access to features.

• **Collaborate with hybrid workers:** using popular cloud services, such as Microsoft Teams, Google Drive™, and Dropbox.

• **Strong, multi-layered security:** includes system integrity checks at startup, firmware attack prevention and optional BitLocker® archive help protect your data.*

• **Supports native Universal Print from Microsoft:** enabling businesses to easily adapt to the popular cloud service.

• **Wireless LAN:** supports 802.11n Wi-Fi for stable, high-speed network communication.

• **Sharp OS™ Technology:** provides a secure and intuitive user experience for integrated workflows.
