

Documentelligence™: Innovative Solutions, Services & Support

**ADVANTAGE<sup>+</sup>**  
by SUPPLIESNETWORK

## Did you know that we are an Official Partner of ?

That means we can offer you the most competitive pricing on HP printers, parts and supplies.

Remove the headache of managing all the different printers in your office with our HP Advantage Plus plan. We can offer you all-inclusive service including Data Collection Services, Supply Management System, Service Monitoring, and Service Desk. Plus, you will also receive:

- Automatic shipments of original HP ink, parts and supplies
- Break/fix services
- Simplified management of your environment with MyPrinterManager.com

**OEM Parts and Supplies.** Gone are the days of scouring the web for the lowest priced inks and toners for your desktop printers. Our HP Advantage Plus plan will send you OEM (Original Equipment Manufacturer) parts and supplies for your HP products through our proven automatic shipment program. Why are OEM products important?

- We reduce costs by shipping OEM supplies directly from the supplier. Because we don't handle OEM production or storage in-house, we pass those savings on to you!
- OEM parts, components and products extend the life of the printer, thus maintaining top performance and saving money on replacement parts —increasing your financial bottom line.

**Break/Fix Services.** Just one phone number to call for service and, if you install our automation tools, our remote service team can quickly detect and address any networked device alerts. All this reduces downtime and increases staff productivity.

**Simplified Management.** A quick visit to MyPrinterManager.com allows you to see all of your devices in one user-friendly dashboard. View your toner levels, submit service requests, and identify print volumes by device all from one interface. Eliminate on-site canvassing to find all of your networked printers. With our HP Advantage Plus plan, you'll have both a mile-high view of your inventory, and specific details on individual devices at your fingertips.

Call our Managed Print Services Manager for more information and to schedule a consultation:
