

Call Forwarding No Answer

Overview

The Call Forwarding No Answer feature allows users to forward all calls to their line to another number of their choice after a set number of rings.

Feature Notes:

- Calls can be forwarded to either an external or internal number
- User level call forwarding is ignored by hunt groups, call centers, and other services used to ring groups of devices.

Feature Setup

1. Go to the group administration board.

2. Select the user or service on which you want to enable forwarding.

3. Click **Service Settings** in the left column navigation.
